INTRODUCTION

This year's G12 Kids Conference will be full of interactive teaching, powerful praise and worship, and fun games and activities. The theme of this year's conference is "Back To The Start" and the children will be learning that everything starts with a vision, with a dream. God has a dream for their lives and they are important to Him. God has a great plan and purpose for them.

We would love to have all children ages 5-13 join us for this great conference and many are already registered. If you have any special dietary and/or medical requests, then please contact Leena Webb via email at lwebb@kcionline.org.

This year we can accommodate up to 100 children in the 5-13s auditorium. Tickets are selling fast so make sure to book in this week [here](#).

This year we are very excited to be introducing a Sensory Room for those that have any special needs. This room will be available for children and their parents and will be running similar teaching to that of the Kids Conference. We would also welcome children and their parents to take part in the praise and worship sessions in the kids auditorium.

For parents with children aged 0-4, there's a Family Room with live video feed on the second floor of the venue (with lift access). There will be fun activities and crafts tailored around the theme of the Kids Conference to help parents keep their little ones entertained as well as a selection of toys and books.
